Southwest Denver is the most safe place to live. Anywhere. I will vote no on all pay raises for the council and donate my salary to college students, if elected.

**2. Ruth Gonce says, "Vote for John Gonce on May 6,**

**2003.** He is a real fighter and you want him on your side. When it comes to business, finance, real estate and an understanding of government John is most knowledgeable. He is a genius as a negotiator and financial areas."

**3. If you own real estate no other will work to protect its value and your safety more than I.:**

My philosophy is there is a reasonable doctrine for every need without hurting anyone or damaging that which exists. Before there is change there needs to be logical concepts, that will interface with the old with no interruptions, in place.

"John Locke said, "There must be toleration." Christ said, "Love thine enemy." vs. Joseph Stalin murdered 50 million gun owners in the name of good. " Some say he was good. "
